

École Robert H. Smith School Curriculum Committee Minutes May 29, 2013 7:00pm-8:45pm

Present: PAG Members: Michael Gies, Candace Partyka

School Trustee: Mark Wasyliw

Parents:

Anna Stokke, Susan Goldie, William Skubovius, Damir Stipanouk, Ross Stokke, Cathy Macey, Jim Cresswell, Claudia Davies, Andrea Robertson, Brad Regehr, Laurence

Broadhurst, Nalini Reddy (Chair), Dana Thiessen (Secretary)

Regrets: Kali Li, Laurence Broadhurst, Dawn McCartney, Ritchie Strachan, Joseph Partyka

Theme: Terms of Reference

ITEM	ACTION/DECISION REQUIRED
Call to order	
	 Meeting called to order and minutes accepted from last meeting April 24, 2013
	The agenda was reviewed and one addition was made under Other Business: possible name change
PAG	
	■ The last PAG meeting was discussed. The directorship reserved for Block Parent rep. was converted to
	Curriculum Committee rep. and Nalini was voted into that directorship.
	 A recap of the meeting was provided including an announcement that a new Physical Education teacher
	will be hired as a half position.
Terms of Re	ference
	 A document was circulated with a Mission statement and policies for review.
Parent Feed	back-Terms of Reference
	All comments on the document were very positive
	 A discussion on lack of involvement in hiring of staff and the school's plan.
	It was noted that PAG executive can authorize fund expenditures up to \$300 without a vote.
	It was suggested that a budget be prepared for the committee to approach the PAG
	 Mark discussed that the PAG can decide what services they would like available at the school.
	It was noted that the committee has the freedom to ask for information affecting its decisions
	 One of the responsibilities should be to keep abreast of what is happening in this school and other
	schools to gather information
	 Appears to be a culture problem in the school
	 Voting should be allowed if an attendee has been at two of the previous 3 meetings
	 Subcommittee to update/revise & report for next meeting
Parent Feed	back-Days of Learning
	 A meeting with administration took place to discuss days of learning
	 A balance of days is a goal to reduce the number of assemblies
	 For future field trips, administration will enclose a home note for parent which outlines a curriculum
	relationship
	 The school plan did not have committee involvement, but perhaps the committee could be involved in
	future plans.
	 For CAP assessment will be less cross-over and therefore fewer teachers out of class.
1	

The community breakfast included a day away from classes and some parents are concerned

Table the discussion for the community breakfast for now

Parent Feedback-Science Fair Parents will organize and conduct the science fair without using teacher resources The purpose of the science fair is to expand minds and to include all grades Science fair workshops could be run on a weekly basis by the PAG In the academic plan the science fair was discussed and teachers were not in favour of it. The administration advises that parent-run clubs may require staff presence. This will be further investigated by the administration. A school club cannot teach curriculum due to union rules There are already learning fairs going on in some classes We will follow up on this topic in future. Presentation Jump Math Jump Math is a charity Student work booklets cost between \$12 and \$14 per student per year The program is currently used by St. Johns Ravenscourt and Balmoral Hall schools. The program currently meets or exceeds outcomes for W.N.C.P. One grade 5 classroom at Robert H. Smith is currently using the booklets The committee will recommend that the PAG purchase the JUMP Math booklets for Robert H. Smith teachers who wish to use them. The link to Jump Math is https://jumpmath.org/cms/ Parent Feedback: Field Trips Discussed above, tie into curriculum Parent Feedback: Survey Survey results should be communicated back to parents
